

## ***Petrophysics***

Assignment of Copyright

The Society of Petrophysicists & Well Log Analysts, Inc. (SPWLA) is pleased to consider your article entitled:

**Paper Title**      **Petrophysical Considerations for CO<sub>2</sub> Capture and Storage**

**Authors:**          **Munish Kumar and Gabriel Lauderdale-Smith**

for possible publication in *Petrophysics*. Under the terms of the copyright law effective January 1, 1978, we are required to obtain copyright transfer from authors of each paper to allow us to continue our practice of holding copyright for individual articles published in publications sponsored by SPWLA. This policy enables the Society to include papers in the SPWLA Reprint Series, and certain other publications.

The author is assumed to be the owner unless the work was done within the scope of the author's employment, in which case the employer is the owner. Only one section of the form should be signed; one author may sign on behalf of all co-authors. If the manuscript is not accepted for publication, this transfer will not take effect. No manuscript will be published in *Petrophysics* unless this copyright transfer form is signed and returned to the editorial office.

In consideration of the publication of the Article, SPWLA shall control the rights concerning reproduction, reuse, or resale of the Article. Permission to publish the Article elsewhere can generally be arranged and other publishers desiring to use or reproduce any part, or all of the work, must obtain written permission from SPWLA. Owners (authors and commercial firms) retain the right to reprint, reproduce, and distribute the Article or prepare derivative works incorporating the Article, provided that such use is for promotion of its business or professional educational activities or presentations.

Author warrants that

1. Their contribution is an (a) original work not published in copyright form elsewhere in whole or in part, except abstract form, or (b) if portions have been previously published permission has been obtained for publication in *Petrophysics*, and Author will submit copy of the permission release and copy for credit lines with their manuscript,
2. They have full power to make grant, that they are the owner, or if the work was done in the scope of the author's employment, the author has the employer's explicit permission to transfer copyright or the employer their self has signed,
3. The Article contains no matter libelous or otherwise unlawful or which invades the right of privacy or which infringes any property rights.

Author will receive no royalty or other monetary compensation for the assignment set forth in this agreement.

Please indicate your acceptance of the terms of publication by signing and dating this agreement and returning the form promptly to the Publications Manager.
